## *Editorial | Uvodnik*

Dear Reader,

This issue brings seven original scientific papers and four professional articles. The later are the last of this kind, since Editorial Board decided on December meeting that professional articles will not be considered for publication any more. Editorial Board agreed that peer-reviewed contributions published in the Journal are:

- review scientific papers (only upon invitation)
- original scientific papers.

Institutional support for our journal has been decreasing in the last two years. To cover publishing costs and to secure continuation of quality growth we introduced page charges for papers published in the journal. Nevertheless, we will continue to provide a free electronic access to all papers published in *Informacije MIDE M* –Journal of Microelectronics, Electronics Components and Materials (since 1986).

We sincerely hope you will receive all changes with understanding and look forward to receiving your next manuscript(s) in our inbox ([editor@midem-drustvo.si](mailto:editor@midem-drustvo.si)).

Prof. Marko Topič  
Editor-in-Chief

P.S.

All papers published in *Informacije MIDE M* –Journal of Microelectronics, Electronics Components and Materials (since 1986) can be access electronically for free at <http://www.midem-drustvo.si/journal/home.aspx>. A search engine is provided to use it as a valuable resource for referencing previous published work and to give credit to the results achieved from other groups.
