Dear reader,

Another year is around, a special year that we will all remember. It was a year of covid-19 that continues to affect our lives and limit our freedom. For our journal it was a year of celebration, since we published the 50th volume. Thanks to open access all papers are accessible in WoS, Scopus or DOAJ by a single mouse click. We sincerely hope that the open-access papers will help us in wider dissemination and larger readership.

In 2020 we received more than 150 manuscripts, out of which only 16 have been accepted for publication so far, while 45 were out of scope and 75 manuscripts were rejected. The success rate remains low (close to 10% in 2020) primarily because we receive many manuscripts that do not meet the quality and originality that we aim at. Citation metrics with JCR IF-2019=0.340, SNIP-2019=0.353 and CiteScore-2019=0,90 is an important performance indicator. In 2020 we published 24 original scientific papers and I sincerely thank all reviewers and Editorial Board Members for their valuable contribution to the journal.

As a part of your success in science and engineering we commit ourselves to continue serving you and look forward to receiving your future manuscript(s) on our submission page (<http://ojs.midem-drustvo.si/>).

Stay safe and healthy!
